1. **The latest version of the curriculum sheet supersedes any curriculum and pre-/corequisite information in the Undergraduate Bulletin or online.**

2. **"C" Passing Grade Requirement:** Courses in shaded area ( ) require a minimum passing grade of "**C**".

3. **Skills tests:** Certain students may be required to pass CUNY Assessment Tests in one or more subjects within 1 or 2 years of admission.

4. **General Education/Liberal Arts electives:** CSc students must take four approved courses and Speech 11100 (Foundations of Speech Communication) for 15 credits (five courses) of which at least 6 credits (two courses) must be at the 20000 level or higher. A list of approved courses is posted on the School of Engineering web site at http://www.ccny.cuny.edu/engineering/genreq.html and can be viewed at the Office of Undergraduate Affairs (ST-209) or the Office of Student Programs (ST-2M7).

   Each course falls into one or more general education *clusters*, specified in the list. The five courses must collectively occupy at least three clusters. The four clusters are: (f) Professional and Ethical Responsibilities, (g) Communication, (h) Global and Societal Context, and (j) Contemporary Issues.

5. **Science Elective Requirements:** Students are required to take at least 12 credits of science. These credits must include one of the following sequences: (a) Bio 10100 & 10200 (8 cr.), (b) Chem 10301 & 10401 (8 cr.), or (c) Phys 20700 & 20800 (8cr.). In addition students need to take at least one more course in Biology, Chemistry or Physics at a level not lower than the required in Biology, Chemistry or Physics.

6. **Speech Requirements:** Students who are exempted from Speech 11100 must take another speech course in its place.

7. **Free/Technical Elective Requirements:** CSc 10000 can be used as a Free Elective **only** if it is taken before CSc 10300. CSc 31700 (The Internet) counts only as a free elective.

8. **CSc Electives**: Take one course in each of three elective groups (**A** – **C**) and then one additional course in one of the three groups.

9. **Other Graduation Requirements:** Apply for graduation during registration for the last semester. Minimum GPA of 2.00. Minimum QPA of zero. Residency Requirement: 33 credits of 30000-level or higher Computer Science courses taken at CCNY.

10. **Program Changes:** Substitution of other courses for required courses must be approved by the Chair of the Computer Science Department (NAC-8/206), and the Associate Dean of the Office of Undergraduate Affairs (ST-209).

Total Credits: 126.
